William aime jouer de la musique dans son appartement aux murs en carton.

Une plaque molletonnée antibruit corrige tous les défauts d'une voie pour ne pas énerver les voisins.

Alfrread - iiiiii

"Un triptyque hardcore rescapé des années 1990, teinté de glitch et de coupé décalé."

gadevoi x R.U.U.N.E.

"du chiptune expérimental fragile avec une attitude punk fragile"

Transparent Sky - Times Zones

"Une mini-odyssée électronique en trois parties composée avec passion et paresse"

Vanilla Tears - Okay

"Des sons qui voyagent entre des nappes cloudy et des break plus intenses, toujours avec une influence de beat trap. Sur le thème de la nuit, des moments silencieux et des larmes qui goûtent la vanille."

SOME THINGS  
JAKOB URBAN

**Twilight**

Tonight  
I will lie beside you  
And my hand  
Will trace your curves  
Vertebrae by vertebrae  
Hipbone to cheek

I will be the charcoal  
And you'll be my paper  
Wet from primer  
Softly recycled

My kisses will go to the air  
My thought will go to you

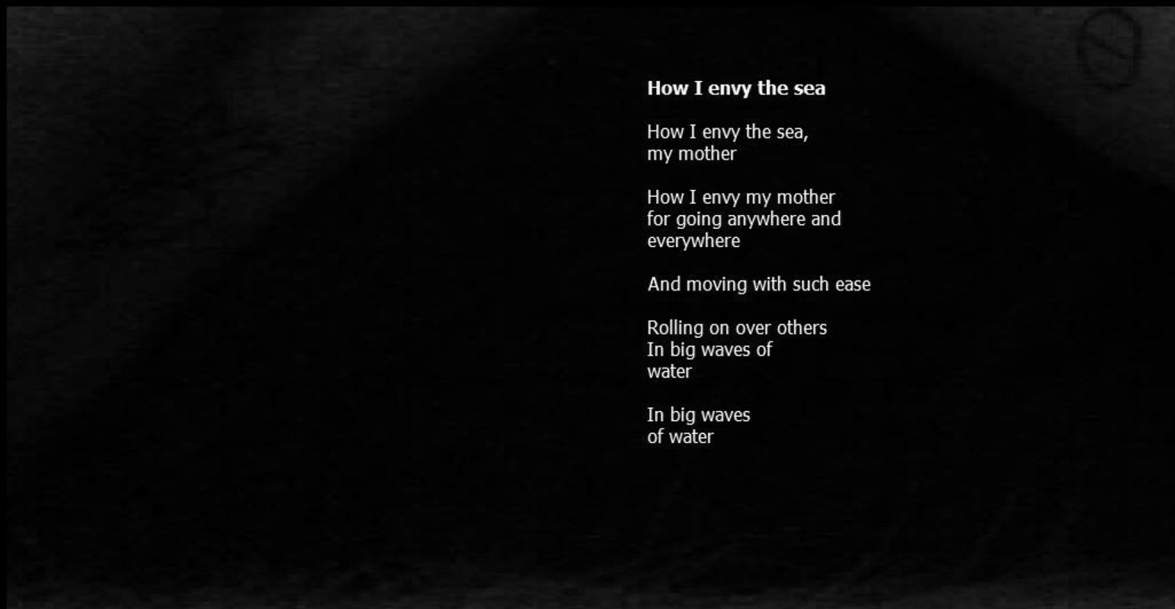

### **Pink Carnations**

Having bleached your hair  
and washed it in the tub

Having had you on a chair  
before me

Having had you wear my shirt

Having bleached your hair  
two times

### **How I envy the sea**

How I envy the sea,  
my mother

How I envy my mother  
for going anywhere and  
everywhere

And moving with such ease

Rolling on over others  
In big waves of  
water

In big waves  
of water

### **Moon in glass**

I am laying in bed

Asking for your oyster's pearl  
Demanding your fawn to show me teeth  
Wanting a plate of yours to crash against my chest  
To crash onto my floor and burst into stars, like the  
birth of a galaxy

I am willing to give you what diamonds may run  
through my blood  
And reaching my brain, cutting through the sleepy  
flesh  
To reach my mind  
And bare gifts

Plenty of

### Snake biting its own tail

Have you not sprayed me twice?  
I am in no position to command you

I only want you to remember  
That I was a willing, frail, little flower  
To your thunderstorm

### Oh

Food displayed all over the woollen sheet  
Food stored in too many copies  
Inside of me

I have listened to the thunderstorm  
Quietly and shy and humble and scared

Sitting on this bed  
Amongst the filth I have made and let happen

The rain will come and wash my face away

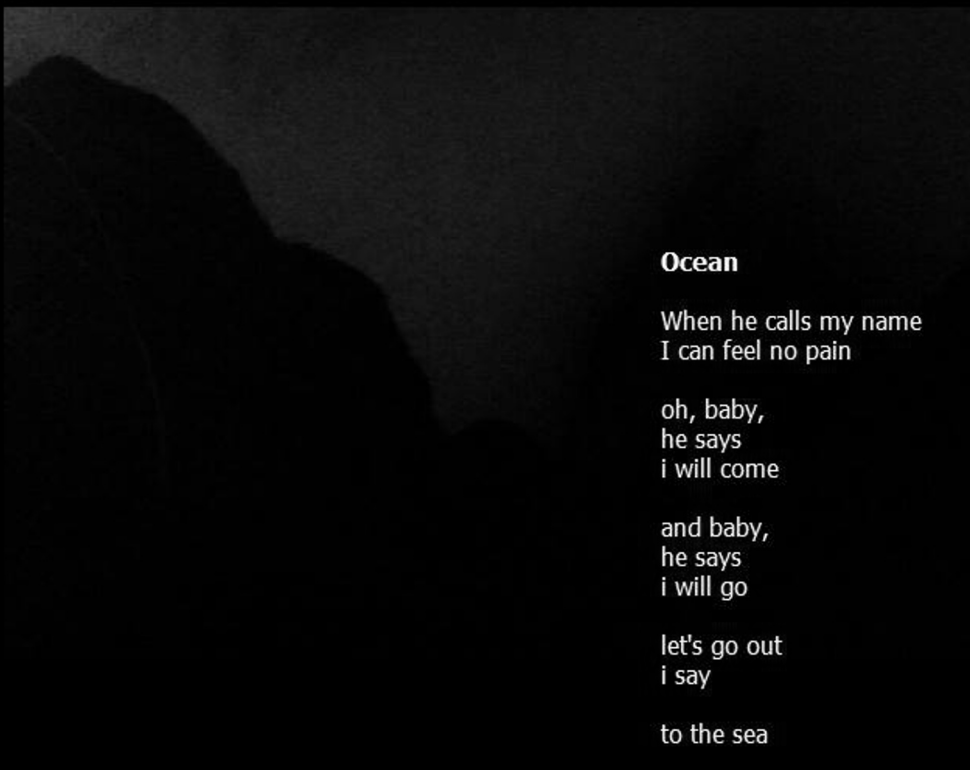

### Heat

He is getting a  
tissue out  
He is wiping his  
forehead  
He is kneeling in  
front of the  
cashier  
Going through  
bags and bags  
Of stuff  
And things

Slowly the heat  
softens all  
Everything  
slows down  
Everyone loses  
their bones  
And their limbs

The money is  
not  
distinguishable  
anymore  
from a child's  
locks  
or a bottle of  
lemon shampoo

Everything and  
everyone  
melts away,  
leading to the  
river

### Ocean

When he calls my name  
I can feel no pain

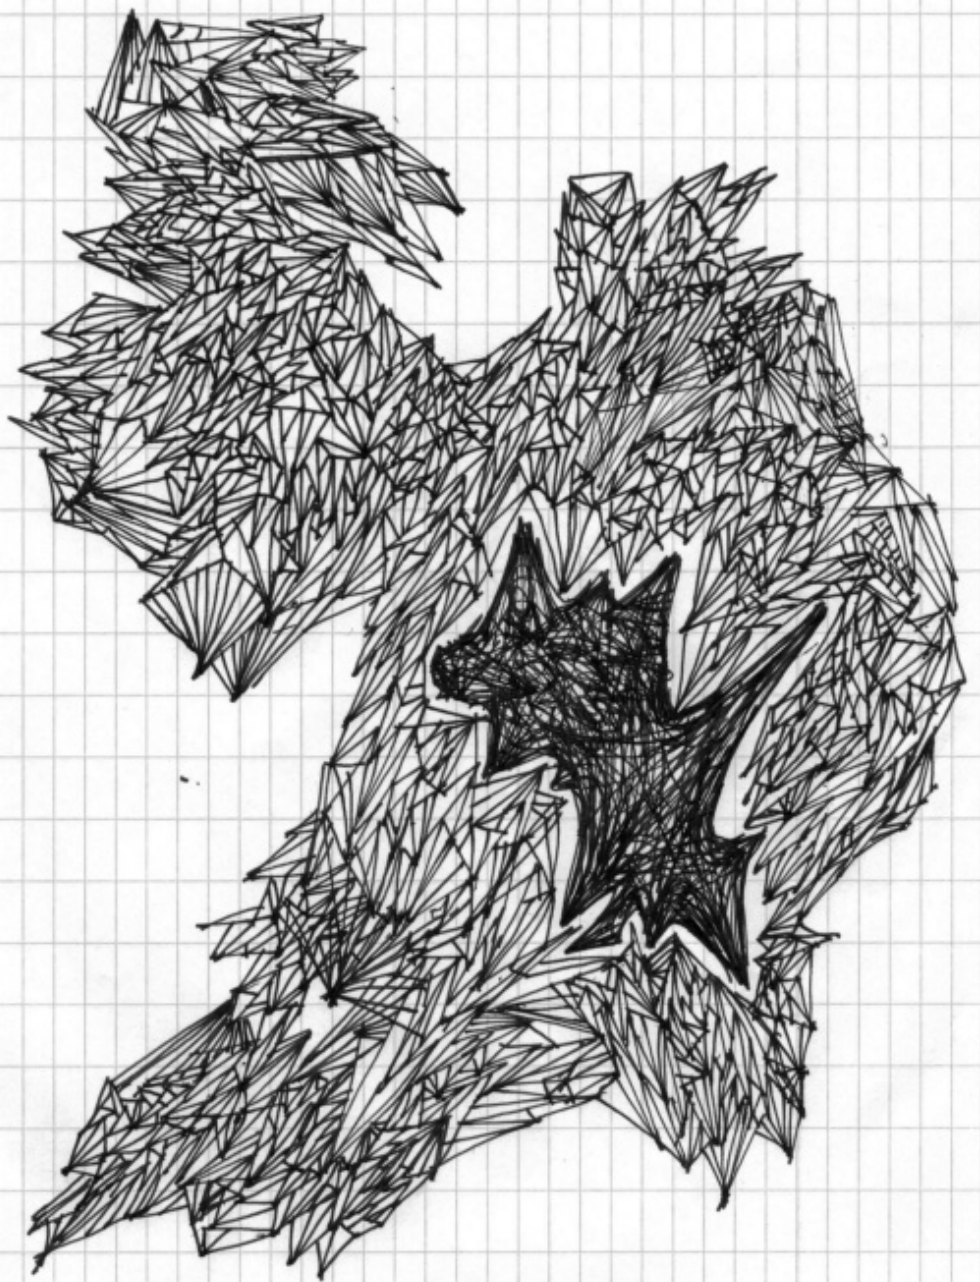

oh, baby,  
he says  
i will come

and baby,  
he says  
i will go

let's go out  
i say

to the sea

William apprécie lire des catalogues avec une lumière tranchante.

Une lumière AMOLED, offre un éclairage puissant et précis. Monté sur un sceptre, cela donne 2m de puissance et de précision.
