

Write the formulas for the following names

1. lithium hydroxide
2. ammonium carbonate
3. aluminum nitrate
4. zinc acetate
5. barium oxide
6. sodium carbonate
7. magnesium sulfate
8. potassium sulfide
9. cadmium phosphate
10. calcium iodide
11. iron(III) bromide
12. tin(IV) fluoride
13. manganese(II) sulfide
14. copper(II) phosphate
15. nickel(III) oxide
16. ammonium hydroxide
17. copper(I) acetate
18. lead(II) fluoride
19. sodium nitride
20. chromium(III) bromide
21. uranium(VI) carbonate
22. tungsten(IV) nitrate
23. calcium phosphate
24. cobalt(II) carbonate
25. silver nitrate
26. lead(II) acetate
27. iron(II) sulfide
28. sodium oxide
29. calcium sulfate
30. iron(III) nitrate
31. magnesium hydroxide
32. antimony(III) oxide
