

Function Description

Production operator

About T4B

“Talent for Blinds” is the new production facility in Zrenjanin for window decoration and member of the Belgian family owned group Copahome, existing more than 30 years. Our main markets for our products are currently situated in Belgium, France and the Netherlands.

Because of the growing demand for window blinds, we are starting up our new production facility in Zrenjanin, where we intend to be an important employer for the future.

Job description

As an operator you are the team member who is involved in the production process for the manufacturing of wooden and aluminum blinds.

After an all-round and in-depth training on all products to be produced and on the various production steps you will be engaged in the manufacturing processes e.g. machine operating, quality inspection, packing, etc ...

Qualifications

- You finished at least elementary school
- You understand and speak English
- Preferably you already had a first experience with production from high-end products
- You are very caring and careful
- You have an eye for details, you aim to deliver only good quality
- You can demonstrate that you always work accurately

- You always keep the overview
- You are proactive
- You feel at home in an international environment
- Having humor is not forbidden
- You are hungry for success and you don't have an 8 to 5 mentality
- A representative, well-kept and service-oriented attitude

We offer

- A fulltime and varied job in a challenging but rewarding atmosphere
- An above average salary
- 24 holidays
- Possibilities to grow in our organization
- A family and informal working atmosphere
