Lake Superior College Foundation  
ATTN: Scholarship Committee

Dear Scholarship Committee,

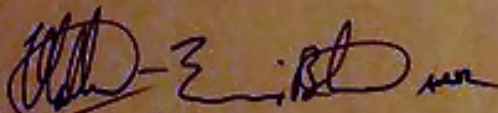

It is with the greatest pleasure that I recommend Jesse Gizwald for scholarships through the Lake Superior College Foundation. Jesse is a student in the LSC Automotive Service Technician program. In my 23 years in the military, 8 years as a high school teacher, and as a business owner, I would hire Jesse in a heartbeat.

I have had the pleasure of knowing Jesse for the past year through his work and through classes at Lake Superior College. I have found Jesse to be a diligent student that is very detail oriented. He has an intuitive knack for auto mechanics and has shown an ability to diagnose vehicle concerns effectively even though he is just starting the program.

Jesse is an asset to his peers in the classroom. His upbeat, can-do attitude and his cooperative nature enhances the learning environment for all of his classmates. Any scholarships awarded to Jesse would be an excellent investment and would be money well spent.

Please feel free to contact me with any questions.

Warm regards,

Matthew Bisbee
